### Portion for Assessments-2026-27

PT-1	<b>Reader-</b> Oliver in the Country, It's Raining in My Bedroom(Poem), Tenali	<b>Grammar:</b> Kinds of Sentences, Interjections, Phrases/ Apostrophe, Subject and Predicate Unseen Comprehension
Half Yearly Exam	<b>Reader:</b> The Aunt and Amabel, A Little World of Mud, Going To Neverland, Nature Is What We See(Poem)	<b>Grammar:</b> Nouns- Collective, Abstract, Countable, Uncountable , Articles- Definite & Indefinite, Adjectives, Question Tags, Possessive Pronouns Vs Possessive Adjectives, Transitive and Intransitive Verbs, Unseen Comprehension, Writing: Making a list of tasks
PT-2	Reader: God Save the Beetle(Poem), The Secret, Vocation(Poem) , The Rescue	Grammar: Subject- Verb Agreement, Present Tense, Past Tense, Future Tense Writing: Diary Entry
Annual Exam	The Treasure Hunt , Summer Sun(Poem), A Fishy Story, Spring(Poem)	Grammar: Voice- Active and Passive , Direct and Indirect Speech, Adverbs , Prepositions, Prepositional Phrases ,Unseen Comprehension Writing: Paragraph Writing

**Delhi Public School, Numaligarh**  
**Projects/Subject Enrichment Activities**

<b>Month</b>	<b>Activity</b>	<b>Objective/s</b>	<b>Details &amp; Evaluation</b>
May-2026	Cover Book Design/ Parts of a Book	Students will be able to understand the purpose of different elements on the book cover and how they contribute to attracting readers and conveying information about the book	This fun activity aims to familiarize the students with the anatomy of a book and understand the purpose of each part. Students will be able to identify and describe the function of the main parts of a book , with a particular emphasis on the cover’s design elements . <b>Evaluation:</b> Students will be assessed on their adherence to instructions, clarity of intent, creativity, originality, effort and neatness, connection between design and vocabulary.
Aug-2026	My Travel Itinerary	Students will be able to present and organize information and facts in a simple way according to a prescribed format	The students will be guided to collect information regarding their favourite destination. Students will learn about different locations, their geographical features, points of interest, food habits. They will write descriptive information of activities and locations <b>Evaluation:</b> Presentation of facts, neatness, sentence formation, grammar, spellings, creativity.
Nov-2026	Creative Tense Chart	Revising and practicing the three Tenses – Past, Present, Future. It will help the students understand the function, when and why to use each tense, beyond just memorizing the structures	This activity will emphasize on how tenses work together to create a coherent narrative and help students see the relationship between different points in time. <b>Evaluation:</b> Understanding the tense concepts, Clarity of explanation, distinction between tenses, visual representation/creativity
Feb-2027	Paint a Picture with Poetic Devices	Students will be able to consolidate their knowledge of different poetic devices they have learnt throughout the session. They will be able to name ,explain and draw the poetic devices	Poetic Device activity will provide students the opportunities to learn and review the basic devices used in learning poetry. They will use examples from their own to develop each. It could include- Metaphor, Simile, Assonance, Alliteration, Enjambment, Onomatopoeia, Personification etc. Evaluation will be done on their recapitulation of the devices, understanding , identification, clarity, connecting to meaning

CLASS-V

SUB-MATHEMATICS

S.NO	MONTH	No of ID	LIVING MATHS(RATNA SAGAR)
1	April	10	<b>1. Place Value</b> Indian and International system of Numeration Place Value and face value Expanded form and standard form Successor and Predecessor Writing greatest and smallest number using given digits Rounding off Numbers Roman numbers
2	May	23	<b>2. The four operations</b> Addition Subtraction Multiplication Division Story sums The four operations together <b>3. Multiples and factors</b> Understanding multiples Understanding factors Divisibility rules Prime numbers and composite numbers
3	June	13	<b>Revision for PT-I</b>
4	July	09	<b>Multiples and factors (Contd...)</b> <ul style="list-style-type: none"> <li>• Prime factorization Highest Common Factor and story sums.</li> <li>• Lowest common multiple and story sums. Relationship between HCF and LCM</li> </ul>
5	August	22	<b>4. Fractions</b> Introduction of fractions Types of fractions Comparing and ordering of fractions Addition and subtraction of fractions Multiplication and Division of fractions Story sums on operation of fractions <b>5. Decimals</b> Introduction of decimals <b>6.</b> Decimal place value chart Expanded form of decimal numbers <b>7.</b> Types of decimals Comparing of decimal numbers <b>8.</b> Conversion Addition, subtraction, multiplication and division of decimal numbers. <b>9.</b> Story sums on operation of decimals
		17	<b>10. Symmetry, Patterns and Nets</b> <ul style="list-style-type: none"> <li>• More than one line of symmetry</li> <li>• Turning shapes</li> <li>• Patterns</li> </ul>

6	September		<ul style="list-style-type: none"> <li>Nets Drawing 3-D shapes <b>Revision for HY</b></li> </ul>
7	OCTOBER	21	<b>Percentage</b> Understanding percentage Fractions as percentages Percentages as fractions Converting decimals to percentages Converting percentages to decimals Finding the percentage of a given number Story sums <b>11. Measurement</b> Measurement of length Measurement of mass Measurement of Capacity Speed Story sums Estimating measures
8	November	21	<b>12. Area and Volume</b> Understanding perimeter Understanding area Area of irregular shapes Area of rectangle, square and triangles Relationship between area and perimeter Volume Story sums <b>13. Geometry</b> Basic geometric terms Angles Measuring angles Types of angles Drawing angles Polygons Circles
9	December	10	<b>Revision for PT-II</b>
10	January	20	<b>14. Time and Temperature</b> Unites of time Addition and subtraction of time Calculating the finishing and starting time Story sums Temperature <b>15. Money</b> Cost price and selling price Profit and loss Story sums Finding SP and CP Profit percent and loss percent
11	February	22	<b>16. Data Handling</b> Drawing a bar graph Circle graph and line graph <b>17. Algebra</b> Introduction to algebra Variables, coefficients and constants Algebraic expressions Terms of an algebraic expression Finding the value of algebraic expression <b>18. Map Study</b> Components of Map Online maps and reading maps
12	March	18	<ul style="list-style-type: none"> <li><b>Revision for AE</b></li> </ul>

**CLASS-V****Portion for Assessments (2026-27)****SUB-MATHEMATICS**

<b>PT-1</b>	Place Value The four operations Multiples and factors ( Till divisibility tests)
<b>Half Yearly Exam</b>	Multiples and factors Fractions Decimals Symmetry, patterns and nets
<b>PT-2</b>	Percentage Measurement Area and volume Geometry
<b>Annual Exam</b>	Time and temperature Money Data Handling Algebra Map Study Fractions

**Projects/Subject Enrichment Activities**

<b>Month</b>	<b>Activity</b>	<b>Objective/s</b>	<b>Details of Evaluation</b>
<b>May-2026</b>	Distributive property of multiplication over addition.	Understand the concept of Distributive Property of multiplication over addition. Apply the distributive property to simplify mathematical expression. Strengthen problem solving and mental math skills.	Students will be evaluated on the basis of their performance and presentation. Evaluation parameters : a) Concept-3 b) Presentation-3 c) Neatness-2 d) Submission on time -2
<b>Aug-2026</b>	Activity on Comparison of Fraction	Visually understand how different fractions compare in size. Learn comparison of like and unlike fractions in fun.	
<b>Nov-2026</b>	Activity on area of irregular shapes	Understand that irregular shapes can be broken down into smaller regular shapes. Learn to estimate and calculate area of irregular figures using grid or unit square method.	Students will be evaluated on the basis of their performance and presentation. Evaluation parameters : e) Concept-3 f) Presentation-3 g) Neatness-2 h) Submission on time -2
<b>Feb-2027</b>	My class survey- Let's handle data! (Data Handling)	To develop the ability to collect data through surveys and observations. To organize collected data systematically using tally charts.
