

DELHI PUBLIC SCHOOL NUMALIGARH

Guidelines for Admission in Class XI 2027-28

S N	
1.	<u>Admission Structure & Schedule</u> The entrance examination will be conducted in two distinct phases: Phase 1 (December 2026): Aimed at early applicants and external candidates. Phase 2 (March 2027): Conducted on the first Sunday immediately following the conclusion of the Class X CBSE and State Board examinations. <u>Phase 1 Evaluation & Seat Allocation</u> • Merit Calculation: The merit list will be determined using a composite weightage model: ○ 25% weightage from Class IX final results. ○ 25% weightage from Class X Half-Yearly or Pre-Board Examination. ○ 50% weightage from the Phase 1 written entrance test. • Seat Distribution: Exactly 50 % of the total seats across all streams will be open during this phase, with shortlisting managed strictly on merit. • Cut-off/Qualifying Aggregate Marks: Candidates appearing in Phase 1 must achieve a minimum aggregate score of 70% for Science and 65% for Commerce and Humanities in total weightage as above. • Merit-Based Selection: If the number of candidates scoring above the cut-off exceeds the available vacancies, final selection will be determined strictly on a merit basis among those who have qualified. • Admission Timeline: Candidates shortlisted in Phase 1 must complete all admission formalities and deposit the required fees within 10 days of the result declaration. <u>Phase 2 Evaluation & Eligibility</u> • Merit Calculation: The merit list will be compiled based on: ○ 25% weightage from Class IX final results. ○ 25% weightage from Class X half-yearly or pre-board examinations. ○ 50% weightage from the Phase 2 written entrance test. • Eligible Candidates: This phase is mandatory for all internal candidates, alongside registered external applicants and those who missed Phase 1 due to valid, pre-approved reasons. <u>Important Guidelines</u> • Single-Phase Restriction: Applicants are permitted to appear in only one phase (either Phase 1 or Phase 2). Dual appearances are strictly prohibited. • Conditional Exception for Non-Qualifying Candidates in Phase-1: Candidates who do not qualify in Phase 1 may still be considered for admission if they possess higher percentage marks than those who appeared in Phase 2, subject entirely to the number of remaining seats available. • Internal Candidates: All current school students seeking admission to Class XI must appear exclusively in the Phase 2 entrance test. • Syllabus & Test Format: The examination for both phases will be based on the Class X curriculum (detailed syllabus available on the school website). Question papers will be strictly objective-type and will include negative marking for incorrect answers. • Hostel Accommodation: Students opting for hostel facilities must clear a mandatory personal interview round as part of the admission process.

	• Absence Policy: Candidates who miss Phase 1 due to unavoidable circumstances may be permitted to shift to Phase 2 only with the explicit prior approval of the Principal.
2.	The difficulty level of the question paper will remain uniform across both Phase 1 and Phase 2 to ensure a fair and equitable assessment for all applicants.
3.	Information regarding the two-phase entrance examination schedule, eligibility criteria, and key deadlines will be disseminated proactively through the school website only.
